## WORK EXPERIENCE

### Domil

Tehran  
March 2023 - Present

Frontend Developer

- Developed features such as a **customer club**, **comments gallery**, **gift-wrapping functionality**, and a **marketplace** within a **React** application.
- I set up **Leaflet maps** to calculate distances in kilometers and display nearby in-person addresses based on **customer location**.
- I switched from HTML/CSS/jQuery for a **landing page game** to **React**, using **reusable components**, **high performance**, and **folder structure**.

### Banimode

Tehran  
March 2022 - March 2023

Frontend Developer

- Developing **responsive landing pages** for promotions and campaigns like **Back to School**, **Black Friday**, **Yalda**, and upcoming game releases, ensuring a seamless user experience on **all platforms and devices** with **integrated In-App Browser**.
- Collaborating with **campaign manager**, **designer**, **backend** and **marketing team** for landing games
- **fixing bugs** reported by **customers**, ensuring a smooth and seamless **user experience**.

### Self-Study

Tehran  
August 2021 - February 2022

Frontend Developer

- Developed a responsive portfolio website using HTML, CSS, and **JavaScript**.
- Built a responsive e-commerce website using **React**
- Completed online courses and tutorials on platforms like **Udemy**, **7Learn**

### Banimode

Tehran  
October 2020 - August 2021

Product Owner Assistant

- Collaborating with **business team** for Launch promotions
- Collaborating with technical teams and vendors to resolve complex issues
- **Jira** Software Admin
- **Prestashop** Admin
